

SUBCHAPTER B—COOPERATIVE CONTROL AND ERADICATION OF LIVESTOCK OR POULTRY DISEASES

PART 49—RULES OF PRACTICE GOVERNING PROCEEDINGS UNDER CERTAIN ACTS

Subpart A—General

Sec.

49.1 Scope and applicability of rules of practice.

Subpart B—Supplemental Rules of Practice

49.10 Stipulations.

AUTHORITY: 7 U.S.C. 8301-8317; 7 CFR 2.22, 2.80, and 371.4.

SOURCE: 48 FR 30094, June 30, 1983, unless otherwise noted.

Subpart A—General

§49.1 Scope and applicability of rules of practice.

The Uniform Rules of Practice for the Department of Agriculture promulgated in subpart H of part 1, subtitle A, title 7, Code of Federal Regulations, are the Rules of Practice applicable to adjudicatory, administrative proceedings under the following statutory provisions:

Act of May 29, 1884, commonly known as the Animal Industry Act, section 7, as amended (21 U.S.C. 117),

Act of February 2, 1903, commonly known as the Cattle Contagious Diseases Act of 1903, section 3, as amended (21 U.S.C. 122),

Act of March 3, 1905, Section 6, as amended (21 U.S.C. 127),

Act of July 2, 1962, section 6(a), as amended (21 U.S.C. 134e).

The Animal Health Protection Act (7 U.S.C. 8301 *et seq.*)

In addition, the Supplemental Rules of Practice set forth in subpart B of this part shall be applicable to such proceedings.

[48 FR 30094, June 30, 1983, as amended at 68 FR 6342, Feb. 7, 2003]

Subpart B—Supplemental Rules of Practice

§49.10 Stipulations.

(a) At any time prior to the issuance of a complaint seeking a civil penalty under any of the Acts listed in §49.1, the Administrator, in his discretion, may enter into a stipulation with any person in which:

(1) The Administrator or the Administrator's delegate gives notice of an apparent violation of the applicable Act, or the regulations issued thereunder, by such person and affords such person an opportunity for a hearing regarding the matter as provided by such Act;

(2) Such person expressly waives hearing and agrees to pay a specified penalty within a designated time; and

(3) The Administrator agrees to accept the penalty in settlement of the particular matter involved if the penalty is paid within the designated time.

(b) If the penalty is not paid within the time designated in such a stipulation, the amount of the stipulated penalty shall not be relevant in any respect to the penalty which may be assessed after issuance of a complaint.

PART 50—ANIMALS DESTROYED BECAUSE OF TUBERCULOSIS

Sec.

50.1 Definitions.

Subpart A—General Indemnity

50.2 Applicability of this subpart; cooperation with States.

50.3 Payment to owners for animals destroyed.

50.4 Classification of cattle, bison, captive cervids, and other livestock as infected, exposed, or suspect.

50.5 Record of tests.

50.6 Identification of animals to be destroyed because of tuberculosis.

50.7 Destruction of animals.

50.8 Payment of expenses for transporting and disposing of infected, exposed, and suspect animals.

50.9 Appraisals.

50.10 Report of appraisals.

§ 50.1

9 CFR Ch. I (1–1–04 Edition)

- 50.11 Report of salvage proceeds.
- 50.12 Claims for indemnity.
- 50.13 Disinfection of premises, conveyances, and materials.
- 50.14 Claims not allowed.
- 50.15–50.16 [Reserved]

Subpart B—Dairy Cattle and Facilities in the El Paso, Texas, Region

- 50.17 Payment.
- 50.18 Identification and disposal of cattle.
- 50.19 Report of salvage proceeds.
- 50.20 Claims for payment.
- 50.21 Schedule of payments.
- 50.22 Claims not allowed.

AUTHORITY: 7 U.S.C. 8301–8317; 7 CFR 2.22, 2.80, and 371.4.

SOURCE: 40 FR 27009, June 26, 1975, unless otherwise noted.

§ 50.1 Definitions.

For the purposes of this part, the following terms mean:

Accredited veterinarian. A veterinarian approved by the Administrator in accordance with the provisions of part 161 of this title to perform functions specified in parts 1, 2, 3, and 11 of subchapter A, and subchapters B, C, and D of this chapter, and to perform functions required by cooperative State-Federal disease control and eradication programs.

Administrator. The Administrator, Animal and Plant Health Inspection Service, or any person authorized to act for the Administrator.

Animal and Plant Health Inspection Service. The Animal and Plant Health Inspection Service of the United States Department of Agriculture (APHIS).

APHIS representative. A veterinarian or other person employed by APHIS in animal health activities, who is authorized to perform the function involved.

Approved herd plan. A herd management and testing plan based on the disease history and movement patterns of an individual herd, designed by the herd owner and a State representative or APHIS representative to determine the disease status of livestock in the herd and to eradicate tuberculosis within the herd. The plan must be jointly approved by the State animal health official and the Veterinarian in Charge.

Captive cervid. All species of deer, elk, moose, and all other members of the

family Cervidae raised or maintained in captivity for the production of meat and other agricultural products, for sport, or for exhibition, including time such animals are moved interstate; or any wild cervid that is moved interstate, during the period of time from capture until release into the wild. A captive cervid that escapes will continue to be considered a captive cervid as long as it bears an official eartag or other identification approved by the Administrator as unique and traceable with which to trace the animal back to its herd of origin.

Department. The United States Department of Agriculture.

Designated tuberculosis epidemiologist (DTE). A State or Federal epidemiologist designated by the Administrator to make decisions concerning the use and interpretation of diagnostic tests for tuberculosis and the management of tuberculosis affected herds. A DTE has the responsibility to determine the scope of epidemiologic investigations, determine the status of animals and herds, assist in the development of individual herd plans, and coordinate disease surveillance and eradication programs within the geographic area of the DTE's responsibility.

Destroyed. Condemned under State authority and destroyed by slaughter or by death otherwise.

Heifer. A female dairy cow that has not given birth.

Herd. Except for livestock assembled at feedlots, any group of livestock maintained for at least 4 months on common ground for any purpose, or two or more groups of livestock under common ownership or supervision, geographically separated but that have an interchange or movement of livestock without regard to health status, as determined by the Administrator.

Herd depopulation. Removal by slaughter or other means of destruction of all cattle, bison, and captive cervids in a herd, as well as any other exposed livestock in the herd, prior to restocking with new livestock.

Livestock. Cattle, bison, captive cervids, swine, dairy goats, and other hoofed animals (such as llamas, alpacas, and antelope) raised or maintained in captivity for the production

of meat and other products, for sport, or for exhibition.

Milking cow. A female dairy cow that has given birth and is being used for milk production.

Mortgage. Any mortgage, lien or other security or interest that is recorded under State law or identified in the indemnity claim form filed under § 50.12 and held by any person other than the one claiming indemnity.

Net salvage. The amount received for animals destroyed because of tuberculosis, after deducting freight, trucking, yardage, commission, slaughtering charges, and similar costs to the owner.

Owner. Any person who has a legal or rightful title to livestock whether or not they are subject to a mortgage.

Permit. A permit for movement of livestock directly to slaughter, listing the disease status and identification of the animal, where consigned, cleaning and disinfection requirements, and proof of slaughter certification.

Person. Any individual, corporation, company, association, firm, partnership, society, or joint stock company, or any organized group of any of the foregoing.

Quarantined feedlot. A confined area under the direct supervision and control of a State livestock official who shall establish procedures for the accounting of all livestock entering or leaving the area. The quarantined feedlot shall be maintained for finish feeding of livestock in drylot with no provision for pasturing and grazing. All livestock leaving such feedlot must only move directly to slaughter in accordance with established procedures for handling quarantined livestock.

Reactor cattle, bison, and captive cervids. Cattle, bison, and captive cervids are classified as reactors for tuberculosis in accordance with the "Uniform Methods and Rules Bovine Tuberculosis Eradication," based on a positive response to an official tuberculin test.

Registered livestock. Livestock for which individual records of ancestry are maintained, and for which individual registration certificates are issued and recorded by a recognized breed association whose purpose is the improvement of the breed.

State. Any State, territory, the District of Columbia, or Puerto Rico.

State animal health official. The individual employed by a State who is responsible for livestock and poultry disease control and eradication programs in that State.

State representative. A veterinarian or other person who is employed in livestock sanitary work of a State or a political subdivision of a State and who is authorized by the State or political subdivision to perform the function involved under a memorandum of understanding with the Department.

Tuberculosis. The contagious, infectious, and communicable disease caused by *Mycobacterium bovis*.

Veterinarian in Charge. The veterinary official of APHIS who is assigned by the Administrator to supervise and perform official animal health work of APHIS in the State concerned.

[40 FR 27009, June 26, 1975, as amended at 45 FR 32287, May 16, 1980; 51 FR 33735, Sept. 23, 1986; 52 FR 1317, Jan. 13, 1987; 52 FR 39614, Oct. 23, 1987; 56 FR 36998, Aug. 2, 1991; 58 FR 34698, June 29, 1993; 60 FR 37808, July 24, 1995; 63 FR 34263, June 24, 1998; 63 FR 72122, Dec. 31, 1998; 67 FR 7590, Feb. 20, 2002; 67 FR 48750, July 26, 2002]

Subpart A—General Indemnity

§ 50.2 Applicability of this subpart; cooperation with States.

(a) The provisions of this subpart apply to all payments made by the Department for the destruction of animals because of tuberculosis, except as specifically provided in subpart B of this part.

(b) The Administrator cooperates with the proper State authorities in the eradication of tuberculosis and pays Federal indemnities for the destruction of cattle, bison, captive cervids, or swine affected with or exposed to tuberculosis.

[67 FR 48751, July 26, 2002]

§ 50.3 Payment to owners for animals destroyed.

(a) The Administrator is authorized to agree on the part of the Department to pay indemnity to owners of the following animals:

§ 50.4

9 CFR Ch. I (1–1–04 Edition)

(1) Cattle, bison, or captive cervids destroyed because the animals are infected with or exposed to tuberculosis;

(2) Cattle, bison, or captive cervids that have been classified as suspect for tuberculosis, except that the payment of indemnity for the destruction of suspect cattle, bison, and captive cervids will be withheld until the tuberculosis status of the suspect animal has been determined and, if the cattle, bison, or captive cervid is found to be infected with tuberculosis, until all cattle, bison, and captive cervids 12 months of age or older in the claimant's herd have been tested for tuberculosis under APHIS or State supervision; and

(3) Other livestock destroyed because they are classified as exposed to tuberculosis by the designated tuberculosis epidemiologist by reason of an association with an affected herd of cattle, bison, or captive cervids.

(b) In each case, the joint State-Federal indemnity paid, together with the amount for net salvage the owner receives, may not exceed the appraised value of the animal, as determined in accordance with § 50.9. Additionally, the Department will in no case pay more than \$3,000 for an animal that is destroyed.

[67 FR 7591, Feb. 20, 2002]

§ 50.4 Classification of cattle, bison, captive cervids, and other livestock as infected, exposed, or suspect.

(a) Cattle, bison, and captive cervids are classified as infected with tuberculosis on the basis of an intradermal tuberculin test applied by a Federal, State, or an accredited veterinarian or by other diagnostic procedure approved in advance by the Administrator.

(b) Cattle, bison, and captive cervids are classified as exposed to tuberculosis when such cattle, bison, and captive cervids (1) are part of a known infected herd, or (2) are found to have moved from an infected herd before the time infection was disclosed in such herd and after the time such herd had apparently become infected, or (3) are found to have been exposed by virtue of nursing a reactor dam: *Provided*, That cattle, bison, and captive cervids classified as exposed to tuberculosis shall be removed direct to slaughter.

(c) Cattle and bison are classified as suspects for tuberculosis based on a positive response to an official tuberculin test, in accordance with the "Uniform Methods and Rules—Bovine Tuberculosis Eradication" (incorporated into the regulations by reference in part 77). Captive cervids are classified as suspects for tuberculosis in the same manner as cattle and bison.

(d) The designated tuberculosis epidemiologist will determine whether livestock other than cattle, bison, or captive cervids are classified as exposed to tuberculosis by reason of association with an affected herd of cattle, bison, or captive cervids.

[40 FR 27009, June 26, 1975, as amended at 52 FR 39614, Oct. 23, 1987; 56 FR 36998, Aug. 2, 1991; 60 FR 37809, July 24, 1995; 63 FR 34264, June 24, 1998; 67 FR 7591, Feb. 20, 2002]

§ 50.5 Record of tests.

When any cattle, bison, or captive cervid in a herd is classified by an APHIS or State representative or accredited veterinarian as a reactor to a test for tuberculosis, a complete test record shall be made for such herd, including the reactor tag number of each reacting animal and the registration name and number of each reacting registered animal. VS Form 6-22 or an equivalent State form shall be used for the record of any herd having any reactor to a tuberculin test. A copy of the applicable test record shall be given to the owner of any such herd, and one copy of each such record shall be furnished to the appropriate State veterinarian's office.

[40 FR 27009, June 26, 1975, as amended at 52 FR 39614, Oct. 23, 1987; 56 FR 36998, Aug. 2, 1991; 60 FR 37809, July 24, 1995; 63 FR 34264, June 24, 1998]

§ 50.6 Identification of animals to be destroyed because of tuberculosis.

(a) Livestock to be destroyed because of tuberculosis must be identified as follows:

(1) Livestock classified as reactors for tuberculosis must be identified within 15 days after being classified as reactors, except that the veterinarian in charge may extend the time limit for identification to 30 days when he or

she receives a request for such an extension prior to the expiration date of the original 15-day period allowed and circumstances beyond the control of the owner warrant such an extension, and the Administrator may extend the time limit for identification beyond 30 days upon request in specific cases when circumstances beyond the control of the owner warrant such an extension.

(2) Livestock other than reactors for tuberculosis that are to be destroyed because of tuberculosis must be identified prior to movement from the premises of origin to the place of destruction.

(b) *Reactor cattle, bison, and captive cervids.* Reactor cattle, bison, and captive cervids must be identified by branding the letter "T," at least 5 by 5 centimeters (2 by 2 inches) in size, high on the left hip near the tailhead and by attaching to the left ear an approved metal eartag bearing a serial number and the inscription "U.S. Reactor," or a similar State reactor tag. Reactor cattle, bison, and captive cervids may be moved interstate to slaughter without branding if they are permanently identified by the letters "TB" tattooed legibly in the left ear, they are sprayed on the left ear with yellow paint, and they are either accompanied by an APHIS or State representative or moved directly to slaughter in vehicles closed with official seals. The official seals must be applied and removed by an APHIS representative, State representative, accredited veterinarian, or an individual authorized for this purpose by an APHIS representative.

(c) *Exposed cattle, bison, and captive cervids.* Exposed cattle, bison, and captive cervids must be identified by branding the letter "S," at least 5 by 5 centimeters (2 by 2 inches) in size, high on the left hip near the tailhead and by attaching to either ear an approved metal eartag bearing a serial number. Exposed cattle, bison, and captive cervids may be moved interstate to slaughter without branding if they are either accompanied by an APHIS or State representative or moved directly to slaughter in vehicles closed with official seals. The official seals must be applied and removed by an APHIS representative, State representative, ac-

credited veterinarian, or an individual authorized for this purpose by an APHIS representative.

(d) *Other exposed livestock.* Livestock other than cattle, bison, or captive cervids that are destroyed under the provisions of § 50.3 must be identified by tagging with a serially numbered metal eartag attached to either ear. All such animals to be destroyed must be transported to the place of destruction in vehicles closed with seals provided by APHIS or shall be accompanied to the place of destruction by an APHIS or State representative: *Provided, however,* that animals destroyed and disposed of under the direct supervision of an APHIS or State representative on the premises where they were exposed do not require individual identification.

[67 FR 7591, Feb. 20, 2002]

§ 50.7 Destruction of animals.

(a) *Slaughter or disposal.* Livestock to be destroyed because of tuberculosis must be shipped direct to slaughter under permit to a Federal or State inspected slaughtering establishment or be disposed of by rendering, burial, or incinerating in an approved manner under supervision of an APHIS or State employee.

(b) *Time limit for destruction of animals.* Livestock for which Federal indemnity may be paid because of tuberculosis must be destroyed and carcass disposal completed within 15 days after the date of appraisal, except that the appropriate Veterinarian in Charge, for reasons satisfactory to him, may extend the time limit for slaughter to 30 days when request for such extension is received by him prior to the expiration of the original 15-day period allowed, and the Administrator may extend the time limit for slaughter beyond 30 days, upon request in specific cases and for reasons satisfactory to him.

(Approved by the Office of Management and Budget under control number 0579-0051)

[40 FR 27009, June 26, 1975, as amended at 45 FR 32287, May 16, 1980; 52 FR 39614, Oct. 23, 1987; 56 FR 36998, Aug. 2, 1991; 60 FR 37809, July 24, 1995; 63 FR 34264, June 24, 1998; 67 FR 7591, Feb. 20, 2002]

§ 50.8

9 CFR Ch. I (1–1–04 Edition)

§ 50.8 Payment of expenses for transporting and disposing of infected, exposed, and suspect animals.

The Department may pay, when approved in advance in writing by the Veterinarian in Charge, one half the expenses of transporting infected, exposed, or suspect livestock to slaughter or to the point where disposal will take place, and one half the expenses of destroying, burying, incinerating, rendering, or otherwise disposing of infected, exposed, or suspect livestock; *Provided that*, the Department may pay more than one-half of the expenses when the Administrator determines that doing so will contribute to the tuberculosis eradication program. For reimbursement to be made, the owner of the animals must present the Veterinarian in Charge with a copy of either a receipt for expenses paid or a bill for services rendered. Any bill for services rendered by the owner must not be greater than the normal fee for similar services provided by a commercial hauler or renderer.

[62 FR 49592, Sept. 23, 1997; as amended at 63 FR 34264, June 24, 1998; 67 FR 7591, Feb. 20, 2002]

§ 50.9 Appraisals.

(a) Livestock to be destroyed because of tuberculosis under § 50.3 must be appraised within 15 days after being classified as infected with tuberculosis, except that the veterinarian in charge may extend the time limit for appraisal to 30 days when he or she receives a request for such an extension before the end of the expiration date of the original 15-day period allowed and circumstances beyond the control of the owner warrant such an extension, and the Administrator may extend the time limit for appraisal beyond 30 days upon request in specific cases when circumstances beyond the control of the owner warrant such an extension.

(b) Animals for which indemnity is to be paid under this part must be appraised at their fair market value by an appraiser selected by APHIS. APHIS may decline to accept any appraisal that appears to it to be unreasonable or out of proportion to the value of like animals of a like quality. Should the appraisal made by the appraiser selected by APHIS be deemed inadequate

by the owner of the animals, the owner will have 15 days from the receipt of the appraisal to submit to the Administrator a request for a review of the appraisal, along with the reasons why the animals should be appraised at a higher value. The decision by the Administrator regarding the value of the animals is final.

(c) When livestock to be destroyed because of tuberculosis are appraised, due consideration will be given to their breeding value as well as to their dairy or meat value. Livestock presented for payment as registered must be accompanied by their registration papers. If the registration papers are temporarily not available, or if the livestock are less than 3 years old and unregistered, the veterinarian in charge may grant a reasonable time for the presentation of their registration papers.

[67 FR 7591, Feb. 20, 2002]

§ 50.10 Report of appraisals.

Appraisals of livestock made in accordance with § 50.9 shall be recorded on forms furnished by APHIS. The appraisal form shall be signed by the appraiser and by the owner certifying his acceptance of the appraisal. The “date of appraisal” shall be the date that the owner signs the appraisal form. The original of the appraisal form and as many copies thereof as may be required for APHIS, the State, and the owner of the animals shall be sent to the appropriate Veterinarian in Charge.

[40 FR 27009, June 26, 1975, as amended at 52 FR 39614, Oct. 23, 1987; 56 FR 36998, Aug. 2, 1991; 60 FR 37809, July 24, 1995; 63 FR 34264, June 24, 1998; 67 FR 7592, Feb. 20, 2002]

§ 50.11 Report of salvage proceeds.

A report of the salvage derived from the sale of each animal on which a claim for indemnity may be made under the provisions of § 50.3 shall be made on a salvage form acceptable to APHIS which shall be signed by the purchaser or his agent or by the selling agent handling the animals. If the livestock are sold by the pound, the salvage form shall show the weight, price per pound, gross receipts, expenses if any, and net proceeds. If the livestock are not sold on a per pound basis, the net purchase price of each animal must

be stated on the salvage form and an explanation showing how the amount was arrived at must be submitted. In the event the animals are not disposed of through regular slaughterers or through selling agents, the owner shall furnish, in lieu of the salvage form, an affidavit showing the amount of salvage obtained by him and shall certify that such amount is all that he has received or will receive as salvage for said animals. In an emergency, a certificate executed by the appropriate Veterinarian in Charge will be acceptable in lieu of the owner's affidavit. The salvage shall be considered to be the net amount received for an animal after deducting freight, truckage, yardage, commission, slaughtering charges, and similar costs. The original of the salvage form or the affidavit of the owner or certificate of the appropriate Veterinarian in Charge, furnished in lieu thereof, shall be furnished to the Veterinarian in charge if it is not already in his possession. Additional copies may be furnished to the State officials, if required. Destruction of livestock by burial, incineration or other disposal of carcasses shall be supervised by an APHIS or State representative who shall prepare and transmit to the Veterinarian in Charge a report identifying the animals and showing the disposition thereof.

(Approved by the Office of Management and Budget under control number 0579-0001)

[40 FR 27009, June 26, 1975, as amended at 48 FR FR 57471, Dec. 30, 1983; 52 FR 39614, Oct. 23, 1987; 56 FR 36998, Aug. 2, 1991; 60 FR 37809, July 24, 1995; 63 FR 34264, June 24, 1998; 67 FR 7592, Feb. 20, 2002]

§ 50.12 Claims for indemnity.

Claims for Federal indemnity for livestock destroyed because of tuberculosis shall be presented on indemnity claim forms furnished by APHIS on which the owner of the animals covered thereby shall certify that the animals are or are not, subject to any mortgage as defined in this Part. If the owner states there is a mortgage, the APHIS indemnity claim form shall be signed by the owner and by each person holding a mortgage on the animals consenting to the payment of any indemnity allowed to the person specified thereon. Payment will be made only if

the APHIS indemnity claim form has been approved by a proper State official and if payment of the claim has been recommended by the appropriate Veterinarian in Charge or an official designated by him. On claims for indemnity made under the provisions of § 50.3, the Veterinarian in Charge or official designated by him shall record on the APHIS indemnity claim form the amount of Federal and State indemnity payments that appear to be due to the owner of the animals. The owner of the animals shall be furnished a copy of the APHIS indemnity claim form. The Veterinarian in Charge or official designated by him shall then forward the APHIS indemnity claim form to the appropriate official for further action on the claim. No charges for holding the livestock on the farm pending slaughter or for trucking by the owner shall be so deducted or otherwise paid by the Department.

[40 FR 27009, June 26, 1975, as amended at 52 FR 39614, Oct. 23, 1987; 56 FR 36998, Aug. 2, 1991; 60 FR 37809, July 24, 1995; 63 FR 34264, June 24, 1998; 67 FR 7592, Feb. 20, 2002]

§ 50.13 Disinfection of premises, conveyances, and materials.

All premises, including all structures, holding facilities, conveyances, or materials which are determined by the appropriate Veterinarian in Charge to constitute a health hazard to humans or animals because of tuberculosis shall be properly cleaned and disinfected, in accordance with procedures approved by the Department, within 15 days after the removal of tuberculosis infected or exposed livestock except that the Veterinarian in Charge, for reasons satisfactory to him, may extend the time limit for disinfection to 30 days when request for such extension is received by him prior to the expiration date of the original 15-day period allowed.

[40 FR 27009, June 26, 1975, as amended at 52 FR 39614, Oct. 23, 1987; 60 FR 37809, July 24, 1995; 67 FR 7592, Feb. 20, 2002]

§ 50.14 Claims not allowed.

Claims for compensation for livestock destroyed because of tuberculosis will not be allowed in any of the following cases:

(a) The claimant has failed to comply with any of the requirements of this part:

(b) All cattle, bison, and captive cervids 12 months of age or over in the claimant's herd have not been tested for tuberculosis under APHIS or State supervision: *Provided, however*, that cattle, bison, and captive cervids destroyed because of tuberculosis are exempt from this testing requirement if the cattle, bison, and captive cervids are subjected to a postmortem examination for tuberculosis by a Federal or State veterinarian.

(c) There is substantial evidence that the owner of the animals or the agent of the owner has in any way been responsible for any attempt to obtain indemnity funds for the animals unlawfully or improperly.

(d) At the time the cattle, bison, or captive cervids in the claimant's herd were tested for tuberculosis, the cattle, bison, captive cervids, or other livestock in the herd belonged to or were on the premises of any person to whom they had been sold, shipped, or delivered for slaughter unless or until all of the cattle, bison, captive cervids, and other livestock remaining on the premises or in the herd from which the tested cattle, bison, or captive cervids originated are tested or otherwise examined for tuberculosis in a manner satisfactory to the Administrator or his or her designated representative.

(e) If the cattle, bison, or captive cervids were added to a herd while the herd was quarantined for tuberculosis, unless an approved herd plan was in effect at the time the claim was filed. As part of the approved herd plan, cattle, bison, or captive cervids added to a herd quarantined for tuberculosis must:

(1) Be from an accredited herd, as defined in § 77.1 of this chapter; or

(2)(i) Be from a herd that tested negative to an official tuberculin test, as defined in § 77.1 of this chapter, during the 60 days before the cattle, bison, or captive cervids were added to the claimant's herd; and

(ii) Have been found negative to an official tuberculin test, as defined in § 77.1 of this chapter, during the 60 days before the cattle, bison, or captive

cervids were added to the claimant's herd.

(f) For exposed cattle, bison, or captive cervids destroyed during herd depopulation, if a designated tuberculosis epidemiologist has determined that other livestock in the herd have been exposed to tuberculosis by reason of association with tuberculous livestock, and those other livestock determined to have been exposed to tuberculosis have not been destroyed.

(g) For livestock other than cattle, bison, and captive cervids that are destroyed because of association with herds of affected cattle, bison, or captive cervids:

(1) If the livestock did not reside among the herd for a period of 4 months or more;

(2) If the livestock have not received a postmortem examination for tuberculosis; or

(3) If the livestock were added to a herd that was under quarantine for tuberculosis at the time the livestock were added to the herd, unless an approved herd plan was in effect at that time.

[67 FR 7592, Feb. 20, 2002]

§§ 50.15–50.16 [Reserved]

Subpart B—Dairy Cattle and Facilities in the El Paso, Texas, Region

SOURCE: 67 FR 48751, July 26, 2002, unless otherwise noted.

§ 50.17 Payment.

(a) *Eligibility for payment.* Owners of dairy operations, including owners of dairy cattle and other property used in connection with a dairy business or fluid milk processing plant, are eligible to receive payment from the Department under this subpart in connection with a buffer zone depopulation program due to tuberculosis, provided the owners meet all applicable requirements of this subpart and the dairy cattle herd is within the area circumscribed by the following boundaries: Beginning at the point where the Hudspeth-El Paso County line intersects U.S. Highway 62; then west along U.S. Highway 62 to the El Paso Toll

Bridge; then southeast along the Rio Grande River to the Fort Hancock-El Porvenir Bridge; then northeast along spur 148 to Interstate 10; then northwest along Interstate 10 to the Hudspeth-El Paso County line; then north along the Hudspeth-El Paso County line to the point of beginning.

(b) To be eligible for payment, each of the owners of dairy cattle and other property within the area described in paragraph (a) of this section must sign and adhere to an agreement with APHIS to do the following:

(1) Cease all dairy cattle operations within the described area and dispose of all sexually intact cattle on the dairy operation premises no later than 3 years after all eligible owners have signed their respective agreements;

(2) Conduct no dairy farming or other dairy activity, including the rearing of breeding cattle, but not including the grazing or feeding of steers and spayed heifers intended for terminal market, within the area described in paragraph (a) of this section until the described area and the adjoining area of Mexico have been declared free of bovine tuberculosis, as determined epidemiologically by APHIS, but in any event for a period of not less than 20 years after all eligible owners have signed their respective agreements.

(3) Allow a covenant to be placed on their properties where dairy operations have been conducted that will prevent the establishment of any breeding cattle operations (not including the grazing or feeding of steers and spayed heifers intended for terminal market) on the premises until the described area and the adjoining area of Mexico have been declared free of bovine tuberculosis, as determined epidemiologically by APHIS, but in any event for a period of not less than 20 years after all eligible owners have signed their respective agreements.

(4) Maintain responsibility for all cattle on the premises used in the dairy operation until those animals are removed from the premises;

(5) Make all arrangements for the removal of sexually intact cattle from the premises;

(6) Notify APHIS officials of the intended removal of all sexually intact cattle from the premises and provide

APHIS officials with the opportunity to monitor and evaluate the removal operations; and

(7) Such other terms, provisions, and conditions as agreed by each owner and APHIS.

(c) *Amount of payment for cattle and other property.* Upon approval of a claim submitted in accordance with § 50.20 of this subpart, owners eligible for payments under paragraph (a) of this section will receive payments for cattle and other property, the amount of which is determined by the following rates:

(1) For milking cows, an amount not to exceed \$2,922 per animal; and

(2) For heifers, an amount not to exceed \$834 per animal.

(d) Any dairy cattle added to a premises after the date an owner has signed the agreement required under paragraph (b) of this section will not be included in the rate calculation in paragraph (c) of this section and must be disposed of within 3 years after all eligible owners have signed their respective agreements.

(e) *Amount of payment for certain other property.* In addition to the amounts paid under paragraph (c) of this section, amounts will be paid as follows:

(1) For expenses in relocating equipment of a reverse osmosis plant in El Paso County, TX, an amount equal to the costs of relocating the plant's equipment, not to exceed \$675,000.

(2) In conjunction with the permanent closure of a fluid milk processing plant in El Paso County, TX, an amount not to exceed \$950,000, with payment to be made in the same manner and at the same times, on a pro rata basis, as payments are made to such owners for their dairy cattle and other property.

[67 FR 48751, July 26, 2002, as amended at 68 FR 10361, Apr. 4, 2003]

§ 50.18 Identification and disposal of cattle.

(a) All dairy cattle disposed of under this subpart must travel from the premises of origin to their final destination with an approved metal eartag, supplied by APHIS or the State

§ 50.19

representative, bearing a serial number and attached to each animal's left ear.

(b) Dairy cattle disposed of under this subpart must be shipped under permit either:

(1) Directly to slaughter at a Federal or State inspected slaughtering establishment; or

(2) Under permit directly to a live-stock market and, under the supervision of an APHIS representative or State representative, through a live-stock market pen that is dedicated to and marked exclusively for use for animals moved to slaughter, and then directly to slaughter at a Federal or State inspected slaughtering establishment.

(Approved by the Office of Management and Budget under control number 0579-0193)

§ 50.19 Report of salvage proceeds.

A report of the salvage derived from the sale of each animal for which a claim for payment is made under this subpart must be made on a salvage form acceptable to APHIS that must be signed by the purchaser or by the selling agent handling the animals. If the cattle are sold by the pound, the salvage form must show the weight, price per pound, gross receipts, expenses if any, and net proceeds. If the cattle are not sold on a per-pound basis, the net purchase price of each animal must be stated on the salvage form and an explanation showing how the amount was arrived at must be submitted. In the event the animals are not disposed of through regular slaughterers or through selling agents, the owner must furnish, in lieu of the salvage form, an affidavit showing the amount of salvage obtained by him or her and must certify that such amount is all he or she has received or will receive as salvage for the animals. The original of the salvage form or the affidavit of the owner must be furnished to the veterinarian in charge within 3 months of destruction of the animals, if such document is not already in his or her possession. Disposal of cattle by burial, incineration, or other means must be supervised by an APHIS or State representative, who will prepare and transmit to the veterinarian in charge a report identifying the animals and showing their disposition, or be docu-

9 CFR Ch. I (1-1-04 Edition)

mented by an affidavit of the owner that identifies the animals and describes their disposition. The owner must provide a copy of the affidavit to the veterinarian in charge within 3 months of destruction of the animals. The salvage form, disposal certificate, or affidavit will be for information purposes only and will have no effect on the amount of any payment due.

(Approved by the Office of Management and Budget under control number 0579-0193)

§ 50.20 Claims for payment.

Claims for payment, other than for reimbursement of relocation expenses of the reverse osmosis dairy plant, must be presented on payment claim forms furnished by APHIS.³ On the claim form, the owner must certify that the animals or other property are, or are not, subject to any mortgage. If the owner states that there is a mortgage, the claim form must be signed by the owner and by each person holding a mortgage on the cattle or other property, who must agree that the person specified on the claim form may receive any payment due. The APHIS veterinarian in charge or the official designated by him or her will record on the claim form the amount of payment that appears to be due to the owner, and the owner will be furnished a copy of the APHIS payment claim form. The veterinarian in charge or official designated by him or her will then forward the APHIS payment claim form to the appropriate APHIS official for further action on the claim. The Department will not pay any costs arising from the holding of the cattle pending slaughter, or for trucking and other transportation costs, yardage, commission, slaughtering charges, or for any other costs related to having the cattle slaughtered. The owner of the reverse osmosis plant must submit copies of

³Claim forms may be obtained from the veterinarian in charge. The location of the veterinarian in charge may be obtained by writing to National Animal Health Program VS, APHIS, 4700 River Road Unit 43, Riverdale, MD 20737, or by referring to the local telephone book.

§ 51.1

the relevant documentation for relocation of equipment to the veterinarian in charge.

(Approved by the Office of Management and Budget under control number 0579-0193)

§ 50.21 Schedule of payments.

(a) The Department will make payment, other than for reimbursement of relocation expenses of the equipment of the reverse osmosis plant, at 90-day intervals. The first payment will be made no earlier than 30 days after all owners eligible for payment have signed their agreements required under § 50.17(b). The Department will determine the amount to be paid to each owner in each payment by multiplying the total agreement amount for that owner by a fraction that is arrived at by dividing the initial census number of dairy cattle for the respective owner into the number of dairy cattle that have been removed from the owner's herd during that payment period. From this amount, 10 percent will be withheld until all animals in the herd have been disposed of and the requirements of this subpart have been met. The payments to other property owners will be determined by multiplying the total agreement amount for that other property times the same ratio as for the herd related to that other property, minus 10 percent. The Department will make payment for reimbursement of relocation expenses of the reverse osmosis plant within 30 days after the relocation of the plant is completed and the owner of the plant has submitted to APHIS all documentation of the costs of the relocation.

(b) The Department will not make final payments until the premises used for dairy operations have been without sexually intact cattle for at least 30 days and until APHIS has inspected the premises and has found them to be free of manure, except for non-solid areas such as lagoons, and free of all feedstuffs that are not in barns, containers or feeders.

§ 50.22 Claims not allowed.

The Department will not allow claims for payment if the claimant has failed to comply with any of the requirements of this subpart, or there is substantial evidence, as determined by

the Administrator, that the claimant has been responsible for any attempt to obtain payment funds for such cattle or other dairy property unlawfully or improperly.

PART 51—ANIMALS DESTROYED BECAUSE OF BRUCELLOSIS

Sec.

51.1 Definitions.

51.2 Cooperation with States.

51.3 Payment to owners for animals destroyed.

51.4 Record of tests.

51.5 Identification of animals to be destroyed because of brucellosis.

51.6 Destruction of animals; time limit for destruction of animals.

51.7 Claims for indemnity.

51.8 Disinfection of premises, conveyances, and materials.

51.9 Claims not allowed.

51.10 Part 53 of this chapter not applicable.

AUTHORITY: 7 U.S.C. 8301-8317; 7 CFR 2.22, 2.80, and 371.4.

§ 51.1 Definitions.

For the purposes of this part, the following terms shall be construed, respectively, to mean:

Accredited veterinarian. A veterinarian approved by the Administrator in accordance with the provisions of part 161 of this title to perform functions specified in parts 1, 2, 3, and 11 of subchapter A, and subchapters B, C, and D of this chapter, and to perform functions required by cooperative state-federal disease control and eradication programs.

Administrator. The Administrator, Animal and Plant Health Inspection Service, or any person authorized to act for the Administrator.

Animal and Plant Health Inspection Service. The Animal and Plant Health Inspection Service of the United States Department of Agriculture (APHIS or Service).

Animals. Cattle, bison, and breeding swine.

APHIS representative. An individual employed by APHIS who is authorized to perform the function involved.

Appraisal. An estimate of the fair market value of an animal to be destroyed because of brucellosis. The estimate shall be based upon the meat, dairy, or breeding value of the animal.
